You authorize us, now and in the future, to make inquiry regarding your eligibility for checking account services, including inquiring about your credit history. Once approved for a checking account, any payments scheduled through the Service will be debited from the designated checking account.

To use the Service, you are to follow the specific instructions in this Agreement and any User Guide made available to you. We may place restrictions on initiating payments to certain payees. For example, the Service will not permit a payment to be sent to a foreign address.

You authorize and agree to our use of a third-party vendor to provide the Service to you.

II. SETUP AND USE OF THE SERVICE

1. Access to the Service

The Service is generally accessible 24 hours a day, 7 days a week. Service interruptions will occur on a periodic basis for system maintenance.

2. Linking your Accounts

You may be able to link your credit union accounts for use in the Service. We will provide you instructions about how to access this and other options through the Service.

3. Equipment and Software Requirements

You need a computer or other device with Internet access and a recent version of a web browser or other Internet connection that supports a 128-bit encryption. You are responsible for the set-up and maintenance of your home computer or other device and the components supporting the computer.

4. No Warranty

We make no warranty or representation regarding the access speed that you will have now or in the future because such is out of the Credit Union’s control. Also, minimum requirements are likely to change as technology, software, and other matters continue to evolve.

5. Adding Payees

When adding payees to the Service, you must enter the pertinent information as it is listed on the bill or invoice for which you intend to initiate payment. The Service will prompt you to enter the information. Once the payee information is entered and saved, each time you initiate subsequent payments to the payee, the only information you will need to input is the dollar amount of the bill or invoice.

6. Payees

Occasionally, a payee may decline participation in the Service, or may require additional information before accepting payments. We encourage these payees to accept electronic or check payments from the Service, however, the payee may be unwilling or unable to accept payments from the Service. If we believe that the payee cannot or is unwilling to process payments timely, we may decline to initiate future payments to the payee. We will notify you if this occurs. Also, we may refuse to make payments to certain payees, such as government agencies.

7. Email Notifications

You must provide and maintain a valid email address in order to use the Service. Important information about the status of payments can be communicated to you only by email.

8. Setup

You are responsible for the correct setup and installation of the Service on your computer. You agree to read the license agreement for any software and exercise care to safeguard and ensure appropriate use of the Service. If we provide you software to use with the Service and you notify us about it not functioning properly, we will replace it. There may be a cost associate with the software.

III. THE SERVICE

You can use the Service to access your Arizona Financial accounts. Some of the services may require an account linked to an approved and issued access device, such as a debit card. Service access includes:

- Electronic bill payment on an automatic, recurring, or periodic basis
- Transaction history viewing
- Transfer available funds from a credit line to your checking account
- View a summary of your accounts and balances
- Have access to periodic statements
- Product and services information
- Receive and send electronic messages from/to the Credit Union

IV. CONFIDENTIALITY

You agree and authorize use of the information you provide to use the Service and accessible from the Service, including non-public, personal information and personally identifiable information deemed to be necessary or appropriate to initiate, complete, or facilitate any transaction you instruct us and the Service to make. You further agree the terms of this Agreement apply to the relationship with any other vendors we use in providing the Service, as may be changed from time to time at our sole discretion with notice to you as required by applicable law.

V. TRANSFERRING FUNDS OR PAYMENT SCHEDULING

1. We will generally process a transfer or a payment within one business day from the day you schedule the transaction. If you schedule a payment for a future date, we process the payment after the close of business on that date, if that day is a business day. If we receive your transfer of payment instruction after the close of the business day, or if the date you request a future transfer or payment is not a business day, we will process the transfer or payment on the next business day.
2. When scheduling a payment, the Service will automatically select the earliest possible date a payment can be initiated. You may select a payment date beyond that date, but the Service will not permit you to select a date less than the date selected by the Service.
3. When you schedule a transfer or payment, you authorize us to debit your checking account. The maximum amount a payment can be issued is \$9,999.99. This amount is subject to change.
4. To help ensure your payments arrive timely to the payee, you must schedule your payments to be processed at least five business days before the payment due date. To assist you with scheduling payments, a "Deliver By" date is displayed when you schedule the payment. The Delivery By date does not guarantee your payment will arrive and be credited by the payee on that date. You agree the Credit Union is not responsible for any late or other fees if the payment is not received or processed by the payee by the due date.
5. We assign a confirmation number to payments made through the Service. This number appears after you successfully schedule a payment. You may provide this number to us in the event you need additional details about the payment.

VI. ACCEPTANCE, AUTHORIZATION, AND PAYMENT REMITTANCE

1. You agree that using the Service constitutes acceptance of this Agreement. By accepting this Agreement, you represent and warrant that you have full authority granted by the business entity to use the Service. By providing payee information to the Service, you authorize the Service to follow the payment instructions you have provided. The Service maintains a database of billing addresses for common payees, such as insurance companies. You agree the Service may re-direct a payment to a different billing address when payees instruct the Service to do so.
2. You authorize the Service to debit your checking account and remit funds on your behalf. You also authorize the Service to credit your checking account for payments returned to the Service by the United States Postal Service or an undelivered electronic payment.
3. The Service will use best efforts to initiate your payments as scheduled. However, the Service shall incur no liability and any service guarantee shall be void if the Service is unable to complete a payment under the following circumstances:
 - The Service is not working properly, and you know or have been advised by the Service about the malfunction before you execute the transaction;
 - You have not provided the Service with the correct information resulting in the initiated payment being undeliverable; and /or,
 - Circumstances beyond control of the Service (such as, but not limited to, fire, flood, or interference from an outside force) prevent the proper execution of the payment and the Service has taken reasonable precautions to avoid those circumstances.

4. Provided none of the foregoing exceptions are applicable, if the Service causes an incorrect amount of funds to be debited from your checking account or does not otherwise comply with payment instructions, the Service shall be responsible for crediting your checking account and correcting the mistake.

VII. PAYMENT METHODS

The Service reserves the right to select the method in which payments will be initiated; electronic or check. Neither the Service nor the Credit Union verifies the availability of funds in your checking account when you schedule payments. As such, it is your responsibility to ensure enough money is on deposit in your checking account or approved overdraft protection limit to reimburse the Service for processing your payments. Failure to do so can result in your rights to use the Service being revoked. The Credit Union does not have control over such revocation.

VIII. PAYMENT CANCELLATION REQUESTS

You may cancel a pending transfer or scheduled payment before the processing date identified by the Service. However, to do so, you must contact us to cancel at least **three business days** before the date the payment is scheduled to be processed. If we or the Service do not receive your instruction to cancel timely, we may process the payment.

IX. STOP PAYMENT REQUESTS

A stop payment order **cannot** be placed once an online payment has been initiated by you, accepted, and processed by the Service. If you have made a payment in error, you must resolve the error with the payee.

X. RESTRICTIONS

1. The Service will not deliver payments to a foreign address.
2. If there is not enough money in your checking account to make transfers or payments you have authorized, we may refuse to make the transfer or payment, or we may make the transfer or payment and overdraw your account. In either event, you are responsible for any non-sufficient funds ("NSF") and overdraft charges that may apply. Further, your access to the Service may be suspended until such time as there is enough money to process the transfer or payment, and an additional delay to reactive the Service.
3. The Credit Union will not be liable for the performance of any Personal Financial Manager Software ("Software"), or do we guarantee that information will always be available through such Software.
4. You may **not** use a savings or money market account to offset your scheduled payment. We will only debit your designated checking account.
5. You agree and understand, the Credit Union is not responsible for postal delays or processing delays by the payee for payments processed through the Service.
6. The Service is offered to members residing in the United States. Members may not be able to access the Service outside the United States.

XI. RETURNED PAYMENTS

All payee payment addresses are compared to the United States Postal Service (USPS) address database for validity and proper formatting. If you schedule a payment to a payee with an invalid address as determined by the USPS validation process, the payment will not be processed. In the event this occurs, it is your responsibility to contact the payee to obtain a valid address and to make payment arrangements. We are not responsible for any losses or late fees incurred as a result of this process. We will attempt to contact you by telephone or email to inform you that this has occurred if we are alerted.

XII. DISPUTES

In the event of a dispute regarding the Service, you agree to resolve the issue directly with the Service. If there is a conflict between you and the Service, the terms of this Agreement will prevail.

XIII. UNAUTHORIZED TRANSFERS

Tell us at once if you believe an electronic funds transfer or payment has been made without your permission. Telephoning us is the best way of keeping your possible losses down. If your periodic statement shows transfers or payments that you did not make, tell us at once. If you do not tell us within 60 days after the statement was mailed or made available to you containing the suspected error, we will consider the transfer or payment to have been authorized by you and you will be precluded from making a claim.

Further, you agree that no certification authority or other third party verification is necessary to the validate your electronicsignature and that the lack of such certification or third party verification will not in any way affect the enforceability of your signature or any resulting contract between you and the Credit Union.

III. ELECTRONIC RECORDS

To facilitate electronic commerce and to reduce the expense of records storage, you acknowledge and agree that we may at our discretion store all records electronically; and that we will not retain and have no obligation to retain any original documents. This applies to all documentation including but not limited to checks, transaction records, notes, mortgages, deeds of trust, and other loan and/or security documentation. You further acknowledge and understand that we will routinely destroy all original documentation. We may store records electronically via imaging, scanning, or other technology used in the financial services industry for the storage of documentation via internal processes or third-party processors that we approve for these services. You agree that such storage shall be secure, and further agree that such records shall for all purposes be recognized and admissible in evidence or otherwise to prove the agreements, rights, and obligations of the parties pursuant to any such records. You further agree that electronic records, and not the original documents, may be used in any legal proceeding.

IV. E-MAIL AND ELECTRONIC COMMUNICATIONS

1. You acknowledge and agree that the Internet is considered inherently unsecure. Therefore, you agree that we have no liability to you whatsoever for any loss, claim, or damages arising or in any way related to our response to any e-mail or other electronic communication that we in good faith believe you have submitted to us. We have no duty to investigate the validity or to verify any e-mail or other electronic communication; and may respond to an e-mail at either the address provided with the communication, the e-mail address in your Membership Application, or any other application or written communication actually received by us.
2. Any authorized signer may change the e-mail address to receive communications or other information from us at any time.
3. You consent and agree to authorize us, our agents, or other parties we authorize to send communications by electronic methods including offers for Credit Union products and affiliate or third-party services.
4. Although having no obligation to do so, we reserve the right to require authentication of e-mails or electronic communications. The decision to require authentication is in the sole discretion of the Credit Union. We will have no obligation, liability, or responsibility to you or any other person or company if we do not act upon or follow any instruction to us if a communication cannot be authenticated to our satisfaction.
5. Further, the Credit Union may not immediately acknowledge e-mail communications and we will act on e-mail requests when we acknowledge the communication and have a reasonable opportunity to do so. We reserve the right to require any notices from you to be submitted to us in a non-e-mail, written format, and we may refuse to send certain information through e-mail communications. If you need to contact the Credit Union for an urgent matter you may call the Credit Union at the telephone number provided at the end of this Agreement.

ELECTRONIC FUNDS TRANSFER AGREEMENT

I. PURPOSE

An Electronic Funds Transfer (“EFT”) is an electronic transfer of money from one account to another either within the same financial institution or across multiple institutions using computer-based systems for the purpose of debiting or crediting an account. An EFT can be initiated through an electronic terminal, telephone, online banking application for the purpose of debiting or crediting a member account. You agree to abide by this EFT Agreement, and all rules, regulations, and instructions of the Credit Union and the Networks relating to the use of any EFT service.

II. ELECTRONIC PROCESSING and TRANSACTIONS

The processing systems used for electronic transactions, used in the United States and by us, may require an EFT transaction to be effective/posted before we are open for business on the date scheduled for the EFT transaction. Therefore, you are responsible for ensuring your account has enough available balance for a debit EFT transaction on a business day prior to the date scheduled.

III. PREAUTHORIZED TRANSFER SERVICES

You can authorize EFT transactions without the use of an access device. Such EFT transactions are solely between you and the other party. The Credit Union shall have no responsibility or liability to you for any such EFT transaction. All such transactions are deemed authorized by you.

IV. ELECTRONIC CHECK (ECK) CONVERSION TRANSACTION

1. An ECK transaction occurs when you authorize a one-time EFT from your account using information from a check. An ECK can only be processed when it is authorized by you. You may initiate or receive credits or debits to your account through wire or ACH transfer.
2. You agree that if you receive funds in this manner, we are not required to notify you at the time the funds are received. Instead, the transfer transaction will be shown on your periodic statement. We may provisionally credit your account for a transfer before we receive final settlement.
3. We may reverse the provisional credit, or you will refund us the credited amount if we do not receive final settlement. When you initiate a transfer, we may rely on the information you provide for the transfer as the proper identification information. We may adopt additional procedures, at our sole discretion, to ensure the security of an ECK transfer.

V. RULES GOVERNING WIRE TRANSFERS AND ACH TRANSACTIONS

1. We may select any means for the transmission of funds we consider suitable, including but not limited to our own internal systems or systems offered through the Federal Reserve Banks, e.g. Fedwire or PCBB. We refer to these systems generically as Fedwire. Any use of Fedwire shall be governed by Fedwire regulations.
2. We may accept on your behalf payments to your account that have been submitted by Fedwire. Your rights and obligations to such transfers shall be governed and construed in accordance with Regulation J, Funds Transfers through Fedwire. When an ACH is used as part of a transaction that does not involve Fedwire, the operating rules of the National Automated Clearing House Association (NACHA) will be applicable to the ACH transactions involving your account.

VI. TRANSFER REQUESTS, CANCELLATION, AND AMENDMENT

1. You authorize us to transfer funds in accordance with your request to and from your account with us, or to and from another institution. We may debit any of the accounts you designate as a source of payment for funds transfers and any related fees and service charges. We will have no obligation to accept or execute any payment order if: (1) the account from which it is to be made does not contain sufficient available funds; (2) the payment order is not authorized or does not comply with applicable security procedures; or (3) if acting in good faith we have reasonable cause for rejecting the payment order.
2. You may not be able to cancel or amend a request after we receive it. However, we may, at our sole discretion, use reasonable efforts to act on your request for cancellation or amendment. We shall have no liability if such cancellation or amendment cannot be executed. Furthermore, you agree to indemnify and hold us harmless from any and all liabilities, costs, and expenses we may incur in attempting to cancel or amend any transfer.

VII. PERSONS AUTHORIZED TO MAKE TRANSFERS

You agree that you and those you authorize to transact on your account may initiate, request, cancel, amend, or verify transfers on your account. We may rely on the authority of any person designated by you until we receive written notice revoking or modifying that authority.
